Education

Sr Highschool

2017-2019

Gutalac, Sr High School

Undergrad

2020 - 2024

Western Mindanao State University

Work Experience

Django Developer | Full-stack Smartscore (Thesis Project)

Western Mindanao State University |

[2023-2024]

- Designed and developed a web-based academic assessment system to streamline exam creation, grading, and performance analytics.
- Integrated automated grading functionality using scanning tools for answer sheets, improving efficiency and accuracy in score evaluation.
- Developed features for class management, allowing teachers to organize students and assign unique exam question sets tailored to their learning needs.

Quality Assurance

WMSU Collection System (SE)

Western Mindanao State University |

[2022-2023]

- Identified and documented defects, collaborating with the development team to resolve issues.
- Helped validate the system's functionality and ensure it met the specified requirements through rigorous testing.
